

WHY CHOOSE VOLTSWITCH PROTECT?

VoltSwitch Protect is not just a service contract; it's a commitment to your vehicle's well-being and your peace of mind. When you choose VoltSwitch Protect, you're choosing a partner that will stand by your side throughout your vehicle's life journey.

Our team of experts is dedicated to ensuring that your vehicle remains in top condition, and we're just a phone call away whenever you need assistance. With VoltSwitch Protect, you can embrace worry-free vehicle ownership and focus on the joy of the open road.

AVERAGE REPAIR COSTS

BASED ON TYPICAL EXPENSES

FREQUENTLY ASKED QUESTIONS

WHAT DOES A VEHICLE SERVICE CONTRACT DO FOR ME?

A vehicle service contract provides vehicle buyers with a safeguarding plan that delivers peace of mind, enhanced security, and financial savings. It alleviates concerns associated with purchasing a vehicle by assuring that a significant portion of repair expenses will be taken care of. This coverage substantially reduces the impact of unexpected repair costs, ultimately making vehicle ownership and maintenance more budget-friendly.

HOW DOES A PROTECTION PLAN WORK?

This plan offers support in the event of a covered mechanical breakdown or failure with your vehicle. When such an issue occurs, the repair facility gets in touch with the provider's claims center to initiate the claim process. A claims representative collaborates with the service center to confirm coverage, assess the root cause and extent of the failure, and subsequently arranges for the necessary repairs to be performed on your vehicle.

WHAT EXACTLY IS COVERED?

Your plan provides coverage for both parts and labor during covered repairs. With a choice of four distinct levels, you can pick the plan that aligns most closely with your specific needs and preferences.

WHAT'S THE DIFFERENCE BETWEEN A VEHICLE PROTECTION PLAN & A MANUFACTURER'S WARRANTY?

Manufacturer warranties are bundled with products and are factored into the manufacturer's suggested retail price. Vehicle service contracts, on the other hand, are frequently sold separately from the product and may not be part of the initial purchase.

HOW MUCH DOES A PROTECTION PLAN COST?

The expenses differ depending on the type of vehicle and its mileage. Your Sales Associate will collaborate with you to identify the most suitable plan for the vehicle you're acquiring and thoroughly go over the associated costs with you.

SHOULD I WAIT AND BUY A PLAN LATER?

The ideal time to purchase your plan is when you buy the vehicle. The option you select might not be available later.

WHAT ABOUT FINANCING?

Frequently, the expense of the plan can be incorporated into your financing, simplifying your payment process.

IS A PLAN TRULY NECESSARY?

While protection plans are optional, it's important to consider that pre-owned vehicles come with mileage and some degree of wear and tear. As you continue to drive, the likelihood of a mechanical failure naturally increases. Considering that your vehicle is one of your most valuable assets, a protection plan can significantly reduce your out-of-pocket repair costs. To find the most suitable protection plan for the vehicle you're buying, have a conversation with your Sales Associate, who can guide you through the available options.

Includes The Items Listed Below:

Turbo Charger	(Factory Installed)
Waste Gate Controller	
Intercooler	
Turbo/Supercharger Coolant Lines	
Cylinder Heads	
Intake Manifold	
Pistons	
Piston Rings	
Wrist Pins	
Connecting Rods & Bearings	
Crankshaft & Bearings	
Camshaft & Bearings	
Crankshaft Pulley	
Harmonic Balancer	
Dipstick Tube	
Timing Chain	
Timing Belt	
Timing Guides	
Timing Chain Tensioner	
Timing Belt Tensioner	
EGR Valve	
Serpentine Belt Tensioner	
Timing Gears	
Valve Covers	
Rocker Arms/Shafts & Bushings	
Intake/Exhaust Valves & Valve Springs	
Seats	
Guides	
Push Rods & Hydraulic Lifters	
Oil Pump	
Oil Sending Unit	
Oil Pan	

Torque Converter
Flywheel
Bands
Pump
Transmission Cooler
Mechatronics Unit
Conductor Plate
Pump Housing
Carrier Assembly
Planetary Gears
Chain
Drums
Reaction Shaft
Governor
Valve Body
Servo Assemblies

Drive Motor

Pinion Bearings
Wheel Bearings
Side Carrier Bearings
Ring & Pinion
Side Gears
Spider Gears & Case
Drive Shaft
Universal Joints
Constant Velocity Joints
4x4 Hubs
Front Or Rear Drive Axle Housing

All Fluids (Including But Not Limited To)
Engine Oil
Engine Coolant
Transmission Fluid
Brake Fluid
Power Steering Fluid

Cylinder Head & Intake Manifold Gaskets

Coverage For Leakage Failures Under 150,000 Miles

Main Shaft
Counter Shaft
All Gears
Chain
Input Shaft
Hub Assemblies
Synchronizers
Shift Rails
Shift Fork
Internal Transmission Bearings

Includes Everything In Level 1 In Addition To The Items Listed Below:

Fuel/Diesel Fuel Supply/Lift/Transfer Pump
Fuel Injectors/Fuel Injection Control Module
Fuel Filler Neck

Struts
Ball Joints/Control Arms/Control Arm Shafts
Bump Stop Cushions
Steering Knuckle/Spindle
Stabilizer Shaft/Stabilizer Links
Leaf/Air & Coil Springs

Master & Wheel Cylinders/Calipers/Booster
Combination Valve
Brake Hard Lines
Backing Plates
Springs & Clips
Self Adjusters
Parking Brake Linkage & Cables
ABS Hydraulic Components
ABS Wheel Speed Sensors
ABS Control Module

Power Steering Pump/Motor
Gear Box/Rack & Pinion/Tie Rod Ends
Pitman & Idler Arm
Steering Box Rack & Pump Housing
Sealing Rings
Fluid Reservoir
Cooler
High-Pressure Lines

Radiator/Heater Core/Recovery Tank
Water Pump/Thermostat
Fan Shroud
Electric Cooling Fan Motor
Fan Clutch

- Compressor/Clutch/Condenser
- Heated/Cooled Seats & Evaporator
- Accumulator
- Orifice Tube
- Expansion Valve/Pressure Cycling Switch
- High/Low Pressure Cutoff Switches & Hoses
- Dryer

- Starter Motor/Alternator
- Front & Rear Window Wiper Motor
- Oxygen, Crank, & Cam Sensor
- Electronic Control Module (ECM)
- Distributor/Ignition Coils
- Navigation (Does Not Include Software Updates)
- Power Window Motors/Regulators/Switches
- Power Seat Motors
- Power Door Lock Actuators/Switches
- Sunroof, Power Antenna, Headlight Motor
- Power Trunk/Sliding Door Motor
- Convertible Top Motor
- Window Defrosters (Front & Rear)
- Windshield Washer Pump
- Throttle Position Sensor
- 4WD Encoder Motor

Includes All Original Factory-Equipped
Mechanical & Electrical Parts (unless specifically excluded)

Seals & Gaskets (If Your Vehicle Is Over 150,000)

Manual Transmission Clutch Assembly

Friction Clutch Disc & Pressure Plate

Throw Out Bearing/Slave Cylinder

Manual & Hydraulic Linkages

Exhaust Manifold/Batteries

Brake Rotors & Drums/Catalytic Converter

Exhaust & Tail Pipes/Mufflers/Resonators

Tires, Valve Stems & Wheels/Rims

Glass/Windows/Mirrors/Windshields

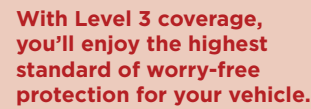

Safety Restraint Systems/Light Bulbs/Fuses

Spark & Glow Plugs/Spark Plug Wires

Hoses (Except Steering & Air Conditioning)

Brake Pads/Lining/Shoes

Retainers & Wiper Blades

Please see your contract for the full list of exclusions.

Includes Everything In Level 3 Except
The Engine, Electric & Hybrid Engine,
Automatic Transmission, Manual
Transmission, & Drive Axle Components

- Rental Benefits
- Towing Reimbursement
- Labor & Diagnostic Charges
- 24 Hour Roadside Assistance

We have the option to select used, rebuilt, or aftermarket components when authorizing repairs.

***Includes Internal Lubricated Parts**
